

*Slew Master*

*We turn to the  
Right Direction*

---

# About Us

---

Our story begins in 2012 in Mississauga, Ontario, one of Canada's most diverse cities. Home to various Canadian and multinational corporations.

From the heart of this lively city emerged SlewMaster Inc. – an established company primarily supplying North America with high-quality cost-efficient solutions across rotary applications.

# About Us

## Mission

Providing customers with high-quality Slew Drives, Slew Rings, and Hydraulic Swivels to meet various industrial market requirements

## Vision

Becoming a global leader in manufacturing to fulfill and enhance performance in rotary-based industries

# Qualifications

---

Manufacturing & Assembly  
Facility

Inhouse design with top  
design software and  
machinery

Extensive Research &  
Development

ISO9001:2015 Certified

# Slew Drives

---

**Open Housing**

**Enclosed Housing**

**Dual Worm**

# Slew Rings

---

**I-Series**

**E-Series**

**S-Series**

# Swivels

Number of  
Ports

2, 3, 4, 6, 8, 9

Port Type

NPT, SAE, BSPP, BSPT

Port Size

1/4 , 3/8, 1/2, 3/4, 1

Electrical  
Passage

Yes/No

# Applications

---

- Man Lifting
- Vacuum Trucks
- Solar Trackers
- Turn Tables
- Cranes
- Road Pavers
- Construction Equipment
- Automation
- Robotics
- Packing & Packaging
- Earth Moving Equipment
- Windmills

# New Project in Mind?

---

SlewMaster's design and engineering team can supply customized products that suit your unique application or your custom-made machinery.
